W. T. CARRINGTON SPEAKS AT S.

DR. CARRINGTON IS DIRECTOR OF THE STATE DEPARTMENT OF VOCATIONAL EDUCATION

EXPLAINS NEW SYSTEM

Says That Vocational Education Is Not a Radical Thing That Will Destroy the Valuable Cultural Elements.

A prominent educator in the person of Dr. W. T. Carrington, former State Superintendent of Schools and President of the Springfield State Teachers College and now Director of the Department of Vocational Education in the State Department of Education, addressed the students and faculty at the assembly hour this morning at the State Teachers College.

The topic of Dr. Carrington's address was "Vocational Education." He briefly sketched in his talk the aims and work that is proposed in the schools of this state.

First he mentioned the change that has come about in the educational world during the past twenty-five years He emphasized the need of a course of study that would increase the interest of the students, that would make them want to spend more years in school, and would make their time spent in school worth while.

Dr. Carrington said that when the above ideas were inculcated into our educational system the tax payers would be more willing to spend more money for the improvement and support of schools than they are doing now.

Furthermore, vocational education promises to be the means of educating the boy who is forced to quit school to work. It has been proven that many boys quit school not so much because they have to but because they want to. They feel that there is nothing of a real personal and helpful nature in school work and want to get away from it. The legislature of Missouri recently passed a law which it is hoped will remedy this situation. The law is known as the Part Time Compulsory Education Act and supersedes the other compulsory education laws. This law provides that every student up to a certain age must attend school at least four hours during the year. This means a full year.

The work that will be given to such students has three aims. First, extension work for those who have already decided upon their life work and wish to pursue further training in that direction. Second, a preparatory coursse for those who have not made a decision as to their life work. And last, a continuation course for those who had started upon some course and were attempting to decide as to their life work.

In concluding it was pointed out that vocational education was not a radical educational move that tended to destroy the valuable cultural education of the past. Far from it. Vocational education intends to keep the valuable points of cultural education but to teach them in a way that will make an appeal to the growing boy and girl.

Preceeding Dr. Carrington's address Mrs. Robinson sang three selections in her inimitable wayand was heartily encored. The selections were "A Spring Flower Song," "The Americans Come," and "Good' Morning, Goodnight, and Goodbye."

On a Canadian Trip.

A. N. Somerville and George Robb Ellison will leave tomorrow on a months trip to Canadian points. They will visit at Perce, Quebec, Canada, where Mrs. Somerville is visiting with relatives.

WILLIAM NEILSEN TO ELDORADO, KANSAS, SOON

Has Accepted a Position with Letts-Parker Wholesale Grocery House of That Place.

William Neilsen of the Townsend [illegible] Grocery House of this city will [illegible] about August 15 for Eldorado, Kan., where he has accepted a position with the Letts-Parker Wholesale Grocery Co., of that city. Letts-Parker of St. Joseph recently established a branch house at Eldorado and Mr. Neilsen will work out on the road. Mr. Neilsen has been with Townsends' for the past three years.

RAVENWOOD HAS ADDED THREE TEACHERS TO THEIR FACULTY

Two High School Teachers and One Grade Teacher Elected to Teach in Ravenwood Schools

The Ravenwood schools added three teachers to their faculty yesterday for the coming school year. Miss Nellie Cranor was elected to teach Agriculture and English; Miss Louallin will have charge of the courses in Mathematics and History; and Miss Ruth Miller will teach in the Primary Department. Ravenwood having added these three capable instructors to their teaching force will be able to start the school year in September with bright prospects for a most successful year.

HOLDEN TELLS COM'L CLUB OF VITALIZED AG. PLAN

"Most Important Subject Before American Educators" Says Chicago Expert; Teaches Real Things.

P. G. Holden of Chicago, who is conducting a short course in vitalized agriculture at the State Teachers College this week, was a guest at the Chamber of Commerce dinner at the Linville hotel last evening and complimented highly President Ira Richardson and County Superintendent Bert Cooper for the work that is being done here for vitalized agriculture.

Mr. Holden stated that the rural schools of this county were the first ones to take up the vitalized agriculture work and that the State Teachers College was the first institution to put such a course in its school. He spoke of the fame that Nodaway County had attained along this line.

Mr. Holden said:

"Agriculture will ultimately be taught in all rural schools. Some schools have skimmed through books; taught words, not things; repeated the same subjects every year; killed interest; made agriculture a dead letter.

"How can we vitalize the teaching of agriculture in the rural schools? No more important problem is presented to the American educators today. It can be solved in but one way: Rotate the subjects. This will prevent skimming and repetition; it will sustain interest—keep the subject alive alive.

"The rotation plan teaches in terms of the lives of the pupils—teaches real things. Second, it rotates the subjects; does not teach the same things year after year; does not skim all the interesting things the first year or two, leaving nothing crisp and new for the third and fourth years."

Guests at Dietz Home.

Miss Minnie Bredenbeck and Otto Bredenbeck of Melrose Park, Ill., came yesterday morning for a visit at the home of their aunt, Mrs. Peter H. Dietz, and family.

Wray Buys Beech Residence.

Howard Wray bought today the residence of S. L. Beech on West Thompson street. Mr. Beech and family recently moved from Maryville to Rock Port.

COM'L CLUB TO BACK HOSPITAL

DIRECTORS UNANIMOUSLY VOTE TO AID IN NEW ADDITION PROJCT AT ST FRANCIS

A COMMITTEE APPOINTED

Plans to Be Made for County Wide Subscription Drive to Raise $50,000.00.

In view of the importance of St. Francis hospital to Maryville and Nodaway County, and the humanitarian and worthy cause which this institution represents, directors of the Commercial Club at their regular weekly luncheon at the Linville hotel last night voted unanimously to offer all possible aid in the erection of the new $100,000 addition which has been planned by the Sisters at the hospital. G. L. Wilfley president of the Club was instructed to appoint a committee which will confer with the Sisters and cooperate with them in the carrying out of the new project.

The committee appointed by President Wilfley is composed of Will F. Phares, R. P. Hosmer, Nick Sturm, James Todd, Fred Hull, C. W. Yehle, Aaron Felix, W. C. Pierce and Ed Costello.

The purpose of the new addition to the hospital is primarily to relieve the crowded conditions which now exist there. During the "flu" epidemic, the hospital was filled to over flowing with patients, and it was obviously shown that more room was a necessity there.

The proposed new annex will double the capacity of the hospital and will place the institution on a par with any in the state. The construction will be of the latest, fire proof design and the plans call for a thoroughly modern up-to-date structure, with facilities ample to cope with any crisis which might arise.

The purpose of the St. Francis hospital has always been of the highest and most worthy type—the relief of suffering humanity. People from every church denomination have received treatment there, and in addition innumerable charity cases has been taken by the Sisters. The institution has grown until it is widely known throughout the state and with the new addition a reality, the hospital will be able to carry on in a larger way the good work it has been doing.

The Sisters have announced that they will be able to raise $50,000 toward the building, and it is planned by the Committee to raise the remaining $50,000 in Nodaway county. Arrangements for such a drive will be made later by the committee.

Although the Sisters of St. Francis have not solicited help from the Commercial Club, the members feel that the excellent case warrants all the aid and support which they may be able to give.

FOR A DRAINAGE DISTRICT

Application to Form District in S. E. Part of County Filed Today.

Notice of application to form a drainage district from the Jackson-Jefferson township line to Whitesville in Andrew County, was filed today with Circuit Clerk Henry Westfall. The proposed drainage ditch is to run eighteen miles and 12,000 acres is included in the district.

W. E. Goforth returned last night from Union, Ia., where he has been spending a few days with Mrs. Goforth's parents, Rev. and Mrs. D. W. Conner. Mrs. Goforth and children, who accompanied him to Union, remained for a week's visit.

Mrs. Rodney Hamblin went to St. Joseph this morning for the day.

RUSH DESTITUTE FARMERS TO FIGHT FOREST FIRES

Flames Being Fanned into Holocust by High Winds; Breaking Over Control Lines.

Missoula, Mont., July 29.—Dry land farmers from eastern and northern Montana, whose crops have been burned dead, and who need money, are being recruited and dispatched today in great numbers to Coeur de Lene valley where forest fires out of control are being fanned into a holocaust by the high winds. The fires have broken over the control lines established a week ago.

DEATH TOLL 29 IN CHICAGO RIOT

RACE WAR SPREADS FROM SOUTH SIDE TO DOWNTOWN DISTRICT

GROWING WORSE HOURLY

Governor Sends Militiamen to Patrol Streets; Fresh Out Breaks Early Today.

Chicago, July 29.—Twenty-nine are reported dead by police stations, hospitals, and coroners today. Others are dying among the estimated five hundred wounded in the race riots that began Sunday among the negroes and whites on the South Side, and which spread to the heart of the business district early today. Nine new deaths and fifty injured added to the toll of the disturbance, as a result of fresh outbreaks today, with the situation admittedly growing worse hourly.

Governor Louden hurried to the city and offered to the mayor and chief-of-police, the services of four hundred militiamen. Veteran police officers declarsd that the troops would have to be called out before nightfall to guard down town.

PIONEER RESIDENT PASSES AWAY AT HIS COUNTRYHOME

J. M. Wiseman, 75 Years a Resident of This County, Succumbs After Three Years Illness.

J. M. Wiseman, about 75 years old, for fifty years a resident of Nodaway County, died last night at 9 o'clock at his home, northwest of Maryville. He had been in poor health for three years and for the last year had been bedfast. The cause of death was due to hardening of the arteries. He is survived by his wife and five chilren, W. H. Wiseman and Miss Anna Wiseman at home, Miss Charity Wiseman and Mrs. Ella Morton of Maryville, and Mrs. Mattie Morton of Arrsburg, Two brothers, Tom and Isaac Wiseman, living in Indiana, and a sister, Mrs. Wes Johnson of Quitman, also survive. Funeral services will be held at 3 o'clock tomorrow afternoon at Wesley Chapel conducted by the Rev. Jenkins of Quitman.

BAPTISTS DISPORT AT PARK

The Men's Bible Class of the First Baptist Church Held a Picnic and Ball Game Last Night.

The Men's Bible Class of the First Baptist Church held a picnic at the Colleg Park at 8 o'clock last night. The feautre of the evening's frolic was a burleque of the national pastime. No official score was kept because of the score keeper neglected to provide himself with an adding machine. For that reason the winner of the contest could not be determined. Abont twenty-five members of the class, including the pastor attended the social event. A business meeting was held at the close of the event.

DR. MARTIN SELLS FARM

Sold at an Advance of $55 per Acre, It Is Said.

The fine farm of Dr. C. V. Martin of this city was sold yesterday to William Horner of Hiawatha, Kan., the consideration being $61,200 for 240 acres contained in this tract. The farm was purchased by Dr. Martin from L. E. Gault about a year ago and it is understood the farm sold for about $55 an acre increase over what Dr. Martin paid for it. Mr. Horner gets possession of it about March 1 and expects to move here then. This farm is located five miles west of Maryville. The deal was made by Wallace Bros Land Company.

VITALIZED AG. IS THE HAPPY MEDIUM

BETWEEN IMPRACTICAL THEORIES AND USELESS LABOR IN EDUCATIONAL WORK

TO KNOW HOW AND DO IT

Is the Essence of Dr. Holden's Teaching—Program for Each Day Systematized—Everyone Is Busy and Interested.

Under the able direction of Dr. P. G. Holden and his corps of able assistants the short course in vitalized agriculture at the State Teachers College is progressing according to schedule. One hundred and thirty students are already enrolled and more are to register at noon. A limit of 125 students was originally decided upon but because of insistent calls from many others to take the course, a few more were permitted to take the work.

It is an inspiration to attend the classes and study the outlined course under the direction of Dr. Holden. Dr. Holden is a little man but he does big things. His theory is that there are two ignorant classes of people who need a vision. These two classes are made up of those who are visionary, theoretical, impractical, and helpless slaves to books, and who know a lot but "can't do nothin'" and those who have no vision and are narrow, limited, have no outlook, are slaves to their tools, and work a lot but "don't know nothin'." The educated man is one who can hold the vision and use the tool. That is the essence of the vitalized agriculture work in rural schools.

Dr. Holden is not a man that talks a lot and does nothing. Anytime that you drop into the class rooms where he and his assistants are teaching you find that everyone has something to do and is doing it according to schedule and when that particular work is done another thing is at hand to be done. The work is highly organized and systematized so that there is no waste of time or energy by either students or instructors.

There are three groups of students taking vitalized agriculture. These groups of students include those who have been selected by county superintendents as special teachers of that work in their respective county schools next year and will be required to attend biweekly conferences throughout the school year concerning the vitalized agriculture work and plans; those who have not been particularly selected by their county superintendents to take the work but will start to teach the first year's course in vitalized agriculture in their school next year; and those who are interested visitors at the classes. There are 104 students taking the work who will teach the course in its first, second, or third year of the outlined plan this coming school year.

One can gain an idea of the practical nature of Dr. Holden's teaching by visiting the classes. There one can see them actually making the articles. Scores of students this morning were making such things as hog troughs, fly traps, door stops, and various other articles that are much used on the farm. This is the kind of work that is taken up in the first two year's study of Holden's agricultural instruction.

In the third year's work such things as the methods of testing milk and of preparing noon day lunches as well as many other things of similar practical nature are taken up.

LOCAL MEN TO ATTEND ATLANTIC, IA., MEET

Geo. A. Pickens and C. F. Remus to Be Present at Discussion on Maryville-Carrollton Auto Trail.

Secretary George A. Pickens of the Commercial Club and C. F. Remus, will leave early tomorrow morning for Atlantic City, Iowa, where they will attend a meeting which has been called for the purpose of discussing the proposed Maryville-Carrollton highway trail.

In addition to the Maryville men, representatives from every town in Missouri and Iowa along the proposed trail will be in attendance.

The purpose of the meeting is to devise ways and means of marking the trail and other conveniences for the tourists who will use the highway.

BEGIN OFFENSIVE ON BIG OIL INTEREST IN SENATE

Senator Poindexter Calls for Investigation of Situation by Federal Trade Commission.

Washington, July 29.—An offensive against the Standard Oil and other large oil interests was under way in the senate today. Senator Poindexter, who planned to call up his resolution ordering the federal trade commission to conduct an investigation of the oil situation, particularly on the Pacific coast, was hopeful that it would be passed.

15,000 CHICAGO RAIL WORKERS OUT ON STRIKE

Employees of Surface and Elevated Lines Quit at 4 a. m. Today: Governor Confident of Adjustment.

Chicago, July 29.—Fifteen thousand Chicago surface and elevated employees are on a strike today and the city's electrical transportation has been tied up since four o'clock this morning.

Not a wheel has turned and all the elevated and surface cars are locked up in the barns. The strike came as a lightning bolt. Reports late yesterday indicated that negotiations have been in progress several weeks which would avert a strike. So confident was Governor Louden that he returned home after spending the day in adjusting differences.

COUNTY SUP'TS WILL CONFER WITH PRESIDENT RICHARDSON

At 4 o'Clock Today— Meeting a Get Together Affair to Promote Better Understanding.

The county superintendents of the Fifth District will meet in conference with President Richardson of the State Teachers College at 4 o'clock this afternoon.

The meeting is for the purpose of discussing matters relative to the educational work of the Fifth District and the adoption of co-operative policies by the county superintendents and President Richardson. It will be a get together affair and has as its purpose the forwarding of a better understanding between the state school and the county schools.

Announce Birth of Daughter.

Mr. and Mrs. Marve Curnutt are rejoicing over the arrival of a baby girl this morning at St. Francis hospital. Mrs. Curnutt was formerly Miss Helen Wray, and is a daughter of Mr. and Mrs. Curtis Wray of Oak Park, Ill., former residents of Maryville.

Sells Suburban Home.

Peter Behm sold to Silas L. Mozingo his fourteen acre tract adjoining the city on the northeast, consideration $7,500.

This is a well improved tract and Mr. Mozingo bought it for a home, having recently sold his farm, he will get possession and move to it January 1. The sale was made by Nash and Woodard.

Buys Threshing Machine.

Dr. K. R. Malotte of Maryville purchased yesterday the threshing machine and separator of Charles Shipps of Arkoe. The machine is at present threshing on the farm of E. E. Williams, southeast of Maryville. Mr. Williams expects his wheat to average around 25 bushels to the acre.

Mrs. I. B. Williams and daughter, Frances Margaret, went to St. Joseph this morning for a few days visit with her parents, Mr. and Mrs. Wm. N. Gilson.

WILSON SUBMITS PACT TO SENATE

HANDS OVER FULL TEXT OF THE FRANCO-AMERICAN-BRITISH ALLIANCE

CITES DEBT TO FRANCE

Accompanying Message Calls Attention to Assistance of France During Revolution.

Washington, July 29.—President Wilson today submitted to the senate the text of the Franco-American-British treaty. In an accompanying message, urging an early passage, it was stated that America's debt to France had not been fully repaid. Referring to the assistance rendered America by France during the Revolution, the president declared that nothing can repay such a debt.

Washington, July 29.—President Wilson will submit the text of the French American treaty to the senate today, it was announced at the white house. The pact under which the United States together with Great Britain agrees to go to the assistance of France in the event of an unprovoked attack upon her by Germany will not be submitted in person, but will be sent by messenger.

INTERNATIONAL DISPUTE PENDS ON MANDATE SYSTEM

Colonial Administration Incorporated in League of Nations Threatened.

Paris, July 29.—The first international dispute resulting from the mandatory system of the colonial administration incoporated in the covenant of the league of nations is threatened as the result of a report about to be released by the American Commission, appointed to determine the mandatory system in the Levant. The report has not yet been published but the semi-official newspaper Temps, asserts that it will be recommended that the French claim to the mandate in Syria shall not be allowed.

HOT WEATHER MAY CAUSE WILSON TO POSTPONE TRIP

Admiral Grayson, Personal Physician to President, Advises Delay Until Aug. 15.

Washington, July 29.—Unless the present hot wave subsides it is possible that President Wilson will delay his start on the speaking tour until August 15. Admiral Grayson, the personal physician of the president, strongly urged him to delay the trip until the weather became more favorable.

COLUMBIA TREATY REPORTED TO SENATE

Washington, July 29.—The Columbia treaty was reported to the senate this afternoon by the foreign relations committee.

Mrs. Henry Westfall and son, Marvin, left this morning for Kansas City to spend two days.

"Selling a County to Itself" Idea Described in the Kansas City Post

The attention which the work of the Maryville Commercial Club soon to be known as the Maryville Chamber of Commerce is attracting throughout Missouri and the entire country is illustrated by an article appearing in yesterday's Kansas City Post, describing the idea of "selling a county to itself" and the recent "sociability run."

Following are extracts from the article:

Maryville, Mo., July 26.—With their faces and clothes caked with $400-an-acre dust from Nodaway county farms, 100 progressive members of the Maryville Commercial Club, traveling in a caravan of 30 motor cars, yesterday completed a two-day tour of the county a run that goes down in the record books as the first in the United States for the purpose of "advertising the county to itself." "Sociability runs" are frequent events with the Commercial Club, but the one just finished was more than a friendship call on the neighboring towns.

A 1,500-gal tank of ice cold lemonade carrying banners that marked it as "Nodaway County's Water Wagon," led the tourists. On the first day's run, the western part of the county was covered and on the next the eastern half. Wilcox, Elmo Clearmont, Burlington Junction, Quitman, Maitland, Skidmore and Graham were called upon the first day.

The rest of the tour took in Pickering, Hopkins, Parnell, Clyde, Conception Junction, Ravenwood, Guilford, Barnard and Arkoe. Crowds were not large, but enthusiasm made up for the lack of attendance. It was not expected that the tourists would be greeted in every town by crowded streets, for the farmers and all available hands are busy in the fields. As the cars speeded by a thresher crew or hay stackers, there was an exchange of greetings between the tourists and the farmers. Sometimes the lemonade wagon stopped and tin cups passed to the thirsty workers from the fields.

"Howdy, Bob, Hello there, George, come on up here, boys, and have a good drink," was the exchange of greetings that generally broke the ice for conversation between the visitors and the townspeople. Those who did not care to talk listened to the music from the fifteen piece band from Maryville.

One feature that made the trip so successful was the wonderful condition of the hard dirt roads throughout the country. Tractors drawn scrapers and horse drawn drags were met frequently at their work along the highways.

Several of the Nodaway towns are in the midst of a "boom." Burlington Junction, a cattle shipping point, will soon vote on a bond issue for paved streets. The First National bank, C. E. Hann, president, is erecting a new home to cost $50,000. A new hotel and several other buildings are also contemplated. Burlington was burned out twenty-five years ago.

It has risen from the ruins with a vengeance. C. B. Zarn, general merchant, is a large property holder of this town. Parnell, Ravenwood, Conception Junction and Guilford are all good shipping and trading points. Hopkins, Pickering, Maryville, Arkoe, Barnard and Bolckow are served by the Burlington, while another branch of the same road takes in Clearmont, Burlington Junction, Quitman, Skidmore and Maitland. These towns, which are within a radius of 100 miles of the big markets of Kansas City, St. Joseph and Omaha, ship every year many carloads of stock and produce.

Every town on the circuit had her roads, both main and inleading highways, in the top-notch of condition. Farmers of this section have been converted to hard-topped roadbeds. Hopkins has purchased an oil sprinkler for use on its city streets. Nearly every town has electric lights supplied from the Maryville plant.

Nodaway County is past the pioneering period. What it will do in the future is the big problem for study at present. Although it ranks among the richest counties in the country, its resources have only been scratched. Pure bred live stock, while it has already brought fame to the community, offers a field of boundless opportunity.

Natural facilities in the way of pastures, silage crops and climatic conditions opens to dairy farmers a field of wonderful opportunity. Pure bred hogs are a source of income to many raisers. Maryville is the home of the Standard Poland-China association. More activity in the production of pure bred horses is noticed among the Nodaway breeders.

Nodaway county boasts of a bank deposit amounting to $10,000,000. Educational institutions are amply provided.

These are some of the reasons why Nodway county is proud.

But it is not what it has already accomplished that holds the attention of the people of this wonderful county, it is what may be the development in the future.

Apples from Nodaway county decorate the fruit dish at the royal palace in Buckingham. E. Ward King, a native, invented and made use of the first road drag, the finest cattle in the world graze on the Nodaway hills, its resources and productions have won it the title of being the richest county in the country, and now comes the Maryville Commercial Club with an advertising campaign that received country wide recognition for being the first of the sort in the United States.

Even with all this source of pride, Nodaway has not yet swelled up with conceit and burst through its boundaries. To make the inhabitants realize just a bit more of the "horn of plenty" in the midst of which they are living, and to make them less modest in their assertions of superiority, is what the Commercial Club hopes will result from their campaign.

The Maryville Commercial Club, with its 250 members and its able secretary, George A. Pickens, has just begun its course of regeneration. They will not stop until Nodaway knows itself as well as the world outside knows the famous county.

GARDNER BUYS A FARM

Gets 440 Acres Costing $66,000—In Agricultural Game, but Won't Operate the Farm Himself.

Jefferson City, July 29.—Governor Gardner returned Sunday night from a "swing around the circle" in north and northeast Missouri by automobile.

"I met a hundred thousand people," the governor said today, "and believe I shook hands with nearly that number. Republicans and Democrats alike wherever I went are for the league of nations.

"There is no mistaking the sentiment of the people on that proposition. They are practically unanimous for it." The governor was greatly pleased with his trip and the reception that was accorded him everywhere.

He had nothing to add to the interview that was sent out from Columbia last night in which he said he would not be a candidate for the United States Senate next year. In that interview the governor said he would not be afraid to make the race.

"I have as many friends in St. Louis as Senator Spencer," he said, "and I could beat him to not more than 10,000 majority in the city of St. Louis. If I were to make the race I could be elected."

The first thing the governor did today, after reaching his office, was to send a check for $25,000 to bind his bargain for his purchase of a farm of 400 acres in Audrain County, for which he is to pay $66,000. "I never saw the farm and bought it on the judgment of Omar D. Gray," he said. "I have been so impressed with the possibilities in Missouri agriculture that I have determined to take a hand in the game. I don't expect to run the farm myself, but will have it operated."

Sixty-five per cent of the Cuban women can wear only dresses of the "stout" class.

There are only sixty-four occupations open to women in Japan.

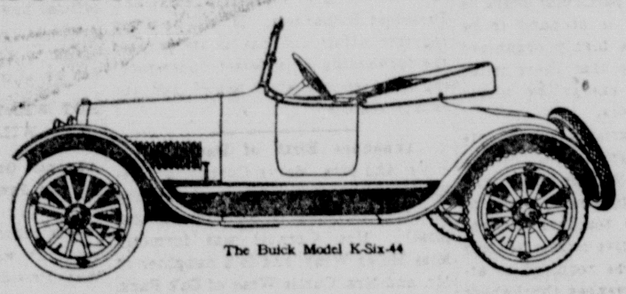
1920 Series Model "K"-44



The Buick Model K-Six-44

Buick Three-Passenger Roadster

THE BUICK Model K-Six-44 possesses marked advantages for the man or woman who wishes a car of limited passenger capacity, with an exceptionally roomy and comfortable driving compartment. This three-passenger model makes the most of these desirable features, without sacrificing one whit of the modish appearance that belongs to the type.

The body is distinctly a Buick creation, broadening out to accommodate a wide, deep seat for three, then curving in at the back to form a trim rear deck with a weatherproof carrying space for luggage.

The dimensions of the driving compartment insure easy entrance or exit from either side, with the control and brake levers well forward but within easy reach. The French pleated upholstery is built for long wear and comfort.

Inclined windshield, handsome improved top of high grade material, side curtains that swing open with the doors.

Mutz Dinner.

Mr. and Mrs. J. D. Mutz gave a family dinner Sunday noon at their country home, southwest of Maryville. The guests were Mr. and Mrs. Walter Mutz, Mr. and Mrs. Guy Mutz and son, Walter; Mr. and Mrs. Harry Mutz and daughter, Virginia; Mr. and Mrs. Floyd Ambrose and baby daughter, Frances, Misses Jessie and Lou Mutz, John Mutz, Fred Lewis, and Beulah and Delberta, daughters of the host and hostess.

Miss Baker to Brookline.

Miss Carrie Margaret Baker, who left Maryville July 12 for a visit of a few weeks to Mrs. A. W. Evans, a Northwestern University friend, at Ebensburg, Pa., will leave August 8 for Brookline, Mass., to be the guest of Mr. and Mrs. Frances Oakes and Miss Bettie Prather.

Mr. and rs. Oakes have been domiciled only a few months on their beautiful estate, "Southwood," near Brookline, which they purchased a year ago. The house, a brick mansion of the Old English type, has been thoroughly remodeled, and the grounds comprise approximately twenty-two acres of unusually varied land.

Miss Baker expects to be gone until the latter part of August.

For Mrs. Covey.

Miss Lucie Davis was the hostess at a bridge luncheon this afternoon at her home, entertaining in compliment to Mrs. Noble C. Covey of Pueblo, Colo. Bridge was played from three tables, and, for luncheon, the tables had as centerpieces vases of garden flowers. The guests included the members of the Fortnightly Bridge Club and a few friends, who were Miss Alice Worst, Mrs. G. H. Colbert, Mrs. S. G. Gilliam, Mrs. T. L. Wadley, Mrs. J. P. Colby, Mrs. E. F. Wolfert, Mrs. George Baker, Mrs. J. D. Richey, Mrs. M. G. Tate, Mrs. John Herren, Mrs. Lewis DeHart of Detroit, Mich., and Miss Stella Smith.

Celebrate Wedding Anniversary.

Mr. and Mrs. S. C. Johnson celebrated their twenty-ninth wedding anniversary with a basket dinner Sunday at their home in Pickering. The guests included fifty-five friends and neighbors who were Wes Smith, Mrs. Wm. Lotk and children, Earl, Chloe and Glen; Mr. and Mrs. Eph Johnson, Mr. and Mrs. Asa Griffey of Clearmont Miss Mary Burnett of Braddyville, Mr. and Mrs. Sim Lasley of Bedford, Ia., Mr. and Mrs. Roland Lasley and children, Roy and Raymond, Mr. and Mrs. Levi Daniels and children, Francis and Chloe, Mrs. Lizzie McGuire, Mr. and Mrs. McGuire and children, Edith Frank, Lloyd and Hazel, Misses Nevie McGuire, Cleola Shopbell and Blanche Turpen, Mr. and Mrs. Jud King and family, Master Lavelle Greenlee and the children of the host and hostess, Emery, Beulah, Levi, Eva, Daniel and Ivan.

Merry Mingler Club.

An interesting meeting of the Merry Mingling Club was held last Thursday afternoon at the home of Mrs. J. B. Saunders, east of Maryville. The time was spent in tatting and socially, after which delicious refreshments were served by the hostess and Miss Floy Saunders, who was a guest at the Saunders home. Those present were Misses Merle Cooper, Lora May Cressan, Floy Saunders, Mrs. A. R. Steins, Mrs. Wm. Trallinger, Mrs. Lewis Wilson, Mrs. Fred Wallace and children, Mrs. H. J. Lind, Mrs. Fisher Mercer and son, Mrs. H. Smock, Misses Edith Marsh, Nettie Smock, Clara Steins, Tesse Jaeger, and the hostess and her little daughter, Emma Jean. The club will hold its next meeting Aug. 7, with Mrs. Henry Smock and daughter, Nettie.

Mrs. Shelton Weds.

An out-of-town wedding which was especially interesting to Maryville friends and relatives was that of Mrs. Lily Dean Shelton and Tom Gill, former residents of this county, which took place recently at Sheridan, Wyo. Mrs. Gill who has a daughter, Mrs. Armonde Gill living in Sheridan, has been making her home in that place for some time.

Picnic Dinner.

Nine young people motored to the Smith farm, northeast of Maryville Sunday, where they enjoyed a picnic dinner in the woods nearby. The party included Elena Holt, Dora Lockhart, Gladys Thompson, Tom Adams, Rolla Adams, Hiland Thompson, Joe Holt, Dale Ashford and Orland Ashford. They were joined for dinner by Miss Deeda Smith, Carl, Ward, Lawrence and Gilbert Smith.

LARGE-SIZE SOLDIER STONES FOR THOSE KILLED IN WAR.

Springfield, Ill., July 29.—Stone soldier monuments, life-size, are the latest thing in tombstones. Two have arrived in Springfield. They are carved from solid rock by an indiana concern. The figure displays a soldier in uniform, hat, coat, puttees and everything. A gun is carried. It adds a realistic touch to the figure. Not a single flaw can be found in the make-up. The designers even went so far as to give the coat the usual wrinkles. A face likeness may be had if desired. Each monument costs about $500.

FREAK EAR OF CORN.

Macon, Ga., July 29.—S. L. Electwood of South Macon, is exhibiting an ear of corn with grains in the shape of beans, butterbeans and okra. The corn was raised in a garden with such vegetables.

EIGHT MISSOURI COUNTIES WILL VOTE ON ROAD BONDS

New Enthusiasm for Hard Surfaced Highways Evident Throughout State With Completion of Busy Harvest Season.

Jefferson City, July 27.—With the closing of harvest the movement for better roads in Missouri has taken on new life. In eight counties next month heavy bond issues will be voted upon and in twenty-three counties special road districts and townships bond issues are now being arranged for by the local authorities. There was never anything like the present road boom in Missouri. It is the first time, in fact, that any considerable number of counties have expressed a willingness to vote money to add to what the state and the government will give for the construction of good roads.

Now that the harvest work is about over, enthusiasm for the issue of bonds for the building of hard surfaced roads under the provisions of the McCullough-Morgan amendments to the Hawes Road Law is growing rapidly.

Texas County will vote July 29 on an issue of $225,000, but August will be the big bond election month. Besides a number of elections in townships and special road districts, there will be eight county wide bond issues next month.

August 2, Monroe County will hold an election to vote 1 million dollars for hard surfaced roads. August 5, Butler County will vote on a ½-million dollar issue. Elections will be held in three counties August 12 as follows: Worth on a ½-million dollar issue, Shelby on 1 million dollars and Marion 1½ million dollars. A hot bond campaign has been carried on in Marion County this week. John M. Malang, state highway superintendent, and Governor Gardner spoke at the Centennial Celebration and Home Coming Week at Palmyra Friday in the interest of the issue.

Livingston County has been making a strenuous effort to put over a bond issue of 1 1-4 million dollars and the election will be held August 18. August 19, Linn County will hold a 1-million dollar election.

In July Howell County voted ½ million dollars for use in building durable roads with state and federal aid. Stone 1 million dollars and Pettis ½ million dollars. Greene lost her 2 million dollars, but another election for the same amount will be held September 15, and Jasper will vote in three townships September 19 on a total issue of $700,000.

Besides the county wide bond elections in July and earlier a great many township and special district road elections were held. In Harrison five townships voted a total of $118,000, Boonville township in Cooper County $60,000, five townships in Gentry $363,000 two townships in Saline $253,000, Doniphan Special Road District in Ripley $46,500, two townships in Dunklin $130,000, one township in Madison $11,000, one township in Wayne $36,000, township in Iron $35,000, three townships in Washington $82,000, Dent $160,000, three townships in Lawrence $66,000, three townships in Dade $57,500, four townships in Cedar $85,000, one township in Christion 60,000 and one township in Polk $20,000.

Previous to the enactment of the new road law Buchanan had voted 2 million dollars and St. Louis County 3 million dollars. After much delay these sums are now available. Scott had vetoed $750,000, New Madrid $850,000 and Mississippi $375,000.

Twenty-three counties and numerous townships are circulating petitions for the calling of bond elections. Atchison, olt, DeKalb, Clinton, Caldwell, Daviess by special districts, Sullivan, St. Francois and Franklin are trying for 1 millions dollars each. Ray is seeking to vote $1,250,000, Carroll $1,100,000, Mercer $600,000, and Scotland $600,000, Putnam, Polk and Adair $750,000, Audrain $700,000, Schuyler ½ million dollars, Knox, Phelps and Warren $400,000, Oregon and Morgan $300,000.

COURT GIVES THIEF STOUT.

London, July 28.—John O'Brien, of Dublin, enjoyed a drink of stout in the dock at Mullinger Police Court recently.

He had been remanded on a charge of picking a man's pocket and requested the magistrate to direct the police to fetch him a pint of stout. He said he would pay for the stout with the money found on him, which he declared was his own.

The magistrate acceded to the request, and a policeman was dispatched for the liquor.

PRINCE JOACHIM GAMBLES.

Genvea, July 29.—The Tribune states that Prince Joachim of Pruissia, one of the ex-Kaiser's sons, has just bought for nearly $10,000 the beautiful old villa named Favorita, as Castagnola, near Lugano.

The newspaper adds that the greater portion of the money came out of the heavy winnings of the prince from the gambling hell of Campione, near Lugano. The prince had little money when he arrived at Berne from Berlin.

"WILD BILL" KRESS DIES.

Hastings, Neb., July 29.—"Wild Bill" Kress, seventy-eight, a pioneer plainsman, trapper, hunter, Indian fighter and freighter, died at his home here. Kress and Joe Fouts, now dead, were the first settlers in Adams County.

Kress alternated his buffalo hunting over the plains with freighting northwest from St. Joseph, Mo. He came to Nebraska in 1866 and entered a homestead in Adams County in 1870, which he owned at the time of his death. He is said to have planted the first sod corn in this section of the State.

Plain and Fancy Gaberdines

for wash skirts in many novelty designs ranging in price from 45c to $1.40 per yard. If you buy a skirt here you will get materials that you will not see elsewhere and this should be an incentive for you to make your purchases here.

If you prefer plain materials we are showing fine quality needle gaberdines at 85c, 95c, up to $1.25 per yard—also fine quality basket weaves at $1.25 per yd.

READY MADE WASH SKIRTS

Wash skirts of quality are in big demand. A wash skirt now must be made from good material, and just as well tailored as silk or wool skirts. The Never-shrink line that we sell is made just this way and includes high grade skirts at popular prices.

Our $1.50 gaberdine wash skirts are now **$1.25**

Summer Underwear

An Actual Test on Nodaway Roads

ON WEDNESDAY AND THURSDAY OF LAST WEEK THE SANDOW TRUCK COVERED OVER 150 MILES OF ROADS IN NODAWAY COUNTY LOADED WITH A LARGE TANK OF LEMONADE.

The run was made in connection with the "Sociability Tour" of the Maryville Chamber of Commerce, the lemonade being used to quench the thirst of the people in the various towns visited. The run was to every town in the county over the regular highways between them and covered every possible kind of road in the county.

The load was a particularly hard one to handle as the tank was round and had a tendency to roll, and the lemonade all run to the back of the truck on the hills, which made the pull extra hard.

The SANDOW

Traveled steadily for the two days, up and down hill, at an average speed of 20 miles an hour, leading a string of twenty automobiles and setting a pace satisfactory to all of them.

This is the first test of any truck over ALL the principal roads in Nodaway County, and it is sufficient proof of the ability of the SANDOW to travel anywhere that horses could go and to carry three or four times the load that could be hauled by a team and wagon. It also demonstrates the power and steady running qualities of the Continental motor used in the Sandow Truck. In fact it dispels without further discussion any question of the ability of the Sandow to do the work required by farmers in hauling grain and live stock to any market.

The only thing left to consider—if you are considering truck hauling—is the advisability of getting as good a truck as the Sandow. It is our opinion that it would be more economical to get a Sandow than to buy a cheap truck. No man would hesitate to pay two or three times as much for a good draft horse as he would for a cow pony, and it is just as reasonable to pay more for a big, strong truck for hauling farm produce than you would pay for a light delivery truck.

USE A LEAD PENCIL

Figure the amount of hauling you have, and the size of the biggest load you want to haul—not the smallest load—and then figure the saving all along in using a truck of sufficient size and strength to handle it and the average life of thetruck, and we are sure you will conclude that the Sandow would be the cheapest in the end.

COME AND SEE US ABOUT THE SANDOW.

PROHIBITION BRINGS AN END TO TIPS, SAY WAITERS.

Cleveland, Ohio, July 29.—Prohibition may be hard on those who needed a cocktail to stimulate their appetite and a quart of champagne as a chaser, but it has become a regular nightmare for the chaps who used to serve the drinks. For, say the waiters, without the cup that cheers there are no tips—at least none worth mentioning. As a result Cleveland waiters are demanding an increase in wages from $12 to $15 a week, together with an eight-hour day.

Returned From Motor Trip.

Mr. and Mrs. Eugene Rathbun and Mrs. Rathbun's mother and sister, Mrs. Rose Kelley and Miss Leona Kelley, returned last night from a three weeks' trip to the Ozarks and in Bates County Mo., where Mr. Rathbun has a farm. Mr. Rathbun had 120 acres in wheat and it averaged 20 bushel sto the acre. The trip was made in the Rathbun car.

Legislative measures for the protection of women in industry scheduled for introduction during the present session of congress include: Abolition of child labor; eight-hour day and forty-four-hour week, with a weekly day of rest; abolition of night work for women and minors; equal pay for equal work, and the establishment of minimum wage commissions in all the states.

MARRYING PARSON'S TIES MAY PROVE NOT LEGAL

Charleston, W. Va., July 29.—Several hundred couples who were married by H. J. Hill, the "marrying parson," are wondering today just what their status is, for it is charged that Hill has been performing ceremonies without a legal right. Hill has carried on his trade for years and his personal solicitations finally made him obnoxious. An injunction was secured several months ago to break up his practice. Despite the injunction he continued the marriage business. It is now said that couples joined by him during the period of the injunction were not legally wed.

MUST WED TO BE HEIR

Homin, Okla., July 29.—F. B. Hamilton, thirty-five, a confirmed bachelor and woman hater, is facing a dilemma, the most serious in all his life. He has to get married—if he expects to inherit the estate of his uncle, D. E. Hamilton, of Polk County, Tenn. An ultimatum to this effect was contained in legal papers delivered to him here.

SEPTEMBER MORN CAUGHT.

Atlanta, Ga., July 29.—Depicting an animated September Morn Miss Pearl Sander, comely and sixteen, plunged and splashed in the sparkling waters of Maddox Park pool swathed only in the beautiful moonlight. Residents attracted to the scene by the loud applause called a policeman, who took the fair bather to the police station, but not until after she had again assumed her apparel.

It costs South Sea Islands women little for dress, because they dress little.

Depend on our Want Ad. Column.

KANSAS CITY MARKETS.

Kansas City Stock Yards, July 29.—Good to choice fed, caked and wintered steers sold readily at steady prices, but other grades were in slow demand and 25 cents lower. The advance in hogs was halted, temporarily at least, though no big set-back occurred in prices. Values here are much higher than elsewhere. Packers' droves Saturday cost $22.80, compared with $22.06 in Chicago and $21.70 in Omaha.

Cattle receipts today were 21,000 or 3,000 larger than a week ago, and the largest supply on any Monday this year. The big Kansas, Oklahoma, and Texas grass movement is getting under way, but remains short of a year ago. Hog receipts 8,000, were the same as a week ago, though 1,000 less than a year ago. Sheep arrivals were 7,000, about 2,000 more than a week ago, and 1,000 less than a year ago.

Beef Cattle. Good to choice cattle, whether grass, grain or withered grades, were in fairly active demand at steady prices. Killers sorted over the supply early with some show of activity and later bought sparingly of the common kinds. The two angles of the market are scant supply of hard fat steers and an increasing movement of grassers. Prices for the latter are sagging. Top steers brought $18, and range of sales was $9 to $18. Cows sold at $5.50 to $12.50 and heifers $6.50 to $15.50. Calves were quoted at $8 to $14.50. Calf receipts remain heavy and July receipts will be the largest on record for the seventh month in the year.

Stockers and Feeders. Demand for stock and feeding cattle is enlarging. The movement is on the increase. The recent advance in fat cattle has encouraged larger demand for heavy feeders at prices ranging from $12.50 to $16.50. The bulk of the feeders are bringing $10.50 to $12.50. Stockers are selling at $8 to $12.50. Small demand has developed for stock calves, and prices are relatively low, at $8 to $12.50. Stock cows and heifers are quoted at $6.50 to $10.

Hogs. Hog prices today held steady with last Friday, the first Monday in several weeks past that the market failed to show a substantial advance. Receipts were not large, and the halt in the advance is attributed to the fact that high prices have curtailed demand. The quality of the offerings is not as good as a month ago. The top price today was $23.05 and the bulk of the offerings sold at $22.50 to $22.95 or 25 to 35 cents higher than a week ago.

Sheep and Lambs. With fairly liberal receipts of sheep today, prices were quoted weak to 25 cents lower. Lambs sold at $15 to $16.50, ewes $6.50 to $9, and wethers $8 to $9.50. Trade in feeding and breeding grades was quiet. About the only Western offerings received thus far have been consignments from other markets.

Horss and Mules. Trade in horses and mules was quiet with no quotable change in prices. Receipts remained small. There is a fairly good inquiry for rugged work animals. Mules are scarce, and selling readily.

CHARLES M. PIPKIN,
Market Correspondent.

Mr. and Mrs. Frank Andrews and little son, Harley Ross, of Hopkins, were in Maryville today.

Icicles

are rare things this time of year, but it is mighty easy to find quality meats if you go to the right shop.

Remember—

WE KEEP THE QUALITY UP

STAPLER'S

210 North Main

"Meats in Storage"

Every working day of the year 75,000,000 pounds of meat are required to supply home and export needs—and only 10 per cent of this is exported.

These facts must be kept in mind when considering the U. S. Bureau of Markets report that on June 1, 1919, there were 1,348,000,000 pounds of meats in cold storage. If the meat in storage was placed on the market it would only be 20 days' supply.

This meat is not artificially withheld from trade channels to maintain or advance prices.

Meats in storage consist of—

65 per cent (approximate) hams, bacon, etc., in process of curing. It takes 30 to 90 days in pickle or salt to complete the process.

10 per cent is frozen pork that is to be cured later in the year.

6 per cent is lard. This is only four-fifths of a pound per capita, and much of it will have to go to supply European needs.

19 per cent is frozen beef and lamb, part of which is owned by the Government and was intended chiefly for over-seas shipment. If this were all diverted to domestic trade channels, it would be only 1½ lbs. per capita—a 3 days' supply.

100%

From this it will be seen that "meats in storage" represent merely unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

W. T. CARRINGTON SPEAKS AT S.

State Historical Society COLUMBIA

DR. CARRINGTON IS DIRECTOR OF THE STATE DEPARTMENT OF VOCATIONAL EDUCATION

EXPLAINS NEW SYSTEM

Says That Vocational Education Is Not a Radical Thing That Will Destroy the Valuable Cultural Elements.

A prominent educator in the person of Dr. W. T. Carrington, former State Superintendent of Schools and President of the Springfield State Teachers College and now Director of the Department of Vocational Education in the State Department of Education, addressed the students and faculty at the assembly hour this morning at the State Teachers College.

The topic of Dr. Carrington's address was "Vocational Education." He briefly sketched in his talk the aims and work that is proposed in the schools of this state.

First he mentioned the change that has come about in the educational world during the past twenty-five years He emphasized the need of a course of study that would increase the interest of the students, that would make them want to spend more years in school, and would make their time spent in school worth while.

Dr. Carrington said that when the above ideas were inculcated into our educational system the tax payers would be more willing to spend more money for the improvement and support of schools than they are doing now.

Furthermore, vocational education promises to be the means of educating the boy who is forced to quit school to work. It has been proven that many boys quit school not so much because they have to but because they want to. They feel that there is nothing of a real personal and helpful nature in school work and want to get away from it. The legislature of Missouri recently passed a law which it is hoped will remedy this situation. The law is known as the Part Time Compulsory Education Act and supersedes the other compulsory education laws. This law provides that every student up to a certain age must attend school at least four hours during the year. This means a full year.

The work that will be given to such students has three aims. First, extension work for those who have already decided upon their life work and wish to pursue further training in that direction. Second, a preparatory coursse for those who have not made a decision as to their life work. And last, a continuation course for those who had started upon some course and were attempting to decide as to their life work.

In concluding it was pointed out that vocational education was not a radical educational move that tended to destroy the valuable cultural education of the past. Far from it. Vocational education intends to keep the valuable points of cultural education but to teach them in a way that will make an appeal to the growing boy and girl.

Preceeding Dr. Carrington's address Mrs. Robinson sang three selections in her inimitable wayand was heartily encored. The selections were "A Spring Flower Song," "The Americans Come," and "Good Morning, Goodnight, and Goodbye."

On a Canadian Trip.

A. N. Somerville and George Robb Ellison will leave tomorrow on a months trip to Canadian points. They will visit at Perce, Quebec, Canada, where Mrs. Somerville is visiting with relatives.

WILLIAM NEILSEN TO ELDORADO, KANSAS, SOON

Has Accepted a Position with Letts-Parker Wholesale Grocery House of That Place.

William Neilsen of the Townsend [illegible] Grocery House of this city will [illegible] about August 15 for Eldorado, Kan., where he has accepted a position with the Letts-Parker Wholesale Grocery Co., of that city. Letts-Parker of St. Joseph recently established a branch house at Eldorado and Mr. Neilsen will work out on the road. Mr. Neilsen has been with Townsends' for the past three years.

RAVENWOOD HAS ADDED THREE TEACHERS TO THEIR FACULTY

Two High School Teachers and One Grade Teacher Elected to Teach in Ravenwood Schools

The Ravenwood schools added three teachers to their faculty yesterday for the coming school year. Miss Nellie Cranor was elected to teach Agriculture and English; Miss Louallin will have charge of the courses in Mathematics and History; and Miss Ruth Miller will teach in the Primary Department. Ravenwood having added these three capable instructors to their teaching force will be able to start the school year in September with bright prospects for a most successful year.

HOLDEN TELLS COM'L CLUB OF VITALIZED AG. PLAN

"Most Important Subject Before American Educators" Says Chicago Expert; Teaches Real Things.

P. G. Holden of Chicago, who is conducting a short course in vitalized agriculture at the State Teachers College this week, was a guest at the Chamber of Commerce dinner at the Linville hotel last evening and complimented highly President Ira Richardson and County Superintendent Bert Cooper for the work that is being done here for vitalized agriculture.

Mr. Holden stated that the rural schools of this county were the first ones to take up the vitalized agriculture work and that the State Teachers College was the first institution to put such a course in its school. He spoke of the fame that Nodaway County had attained along this line.

Mr. Holden said:

"Agriculture will ultimately be taught in all rural schools. Some schools have skimmed through books; taught words, not things; repeated the same subjects every year; killed interest; made agriculture a dead letter.

"How can we vitalize the teaching of agriculture in the rural schools? No more important problem is presented to the American educators today. It can be solved in but one way: Rotate the subjects. This will prevent skimming and repetition; it will sustain interest—keep the subject alive alive.

"The rotation plan teaches in terms of the lives of the pupils—teaches real things. Second, it rotates the subjects; does not teach the same things year after year; does not skim all the interesting things the first year or two, leaving nothing crisp and new for the third and fourth years."

Guests at Dietz Home.

Miss Minnie Bredenbeck and Otto Bredenbeck of Melrose Park, Ill., came yesterday morning for a visit at the home of their aunt, Mrs. Peter H. Dietz, and family.

Wray Buys Beech Residence.

Howard Wray bought today the residence of S. L. Beech on West Thompson street. Mr. Beech and family recently moved from Maryville to Rock Port.

COM'L CLUB TO BACK HOSPITAL

DIRECTORS UNANIMOUSLY VOTE TO AID IN NEW ADDITION PROJCT AT ST FRANCIS

A COMMITTEE APPOINTED

Plans to Be Made for County Wide Subscription Drive to Raise $50,000.00.

In view of the importance of St. Francis hospital to Maryville and Nodaway County, and the humanitarian and worthy cause which this institution represents, directors of the Commercial Club at their regular weekly luncheon at the Linville hotel last night voted unanimously to offer all possible aid in the erection of the new $100,000 addition which has been planned by the Sisters at the hospital. G. L. Wilfley president of the Club was instructed to appoint a committee which will confer with the Sisters and cooperate with them in the carrying out of the new project.

The committee appointed by President Wilfley is composed of Will F. Phares, R. P. Hosmer, Nick Sturm, James Todd, Fred Hull, C. W. Yehle, Aaron Felix, W. C. Pierce and Ed Costello.

The purpose of the new addition to the hospital is primarily to relieve the crowded conditions which now exist there. During the "flu" epidemic, the hospital was filled to over flowing with patients, and it was obviously shown that more room was a necessity there.

The proposed new annex will double the capacity of the hospital and will place the institution on a par with any in the state. The construction will be of the latest, fire proof design and the plans call for a thoroughly modern up-to-date structure, with facilities ample to cope with any crisis which might arise.

The purpose of the St. Francis hospital has always been of the highest and most worthy type—the relief of suffering humanity. People from every church denomination have received treatment there, and in addition innumerable charity cases has been taken by the Sisters. The institution has grown until it is widely known throughout the state and with the new addition a reality, the hospital will be able to carry on in a larger way the good work it has been doing.

The Sisters have announced that they will be able to raise $50,000 toward the building, and it is planned by the Committee to raise the remaining $50,000 in Nodaway county. Arrangements for such a drive will be made later by the committee.

Although the Sisters of St. Francis have not solicited help from the Commercial Club, the members feel that the excellent case warrants all the aid and support which they may be able to give.

FOR A DRAINAGE DISTRICT

Application to Form District in S. E. Part of County Filed Today.

Notice of application to form a drainage district from the Jackson-Jefferson township line to Whitesville in Andrew County, was filed today with Circuit Clerk Henry Westfall. The proposed drainage ditch is to run eighteen miles and 12,000 acres is included in the district.

W. E. Goforth returned last night from Union, Ia., where he has been spending a few days with Mrs. Goforth's parents, Rev. and Mrs. D. W. Conner. Mrs. Goforth and children, who accompanied him to Union, remained for a week's visit.

Mrs. Rodney Hamblin went to St. Joseph this morning for the day.

RUSH DESTITUTE FARMERS TO FIGHT FOREST FIRES

Flames Being Fanned into Holocust by High Winds; Breaking Over Control Lines.

Missoula, Mont., July 29.—Dry land farmers from eastern and northern Montana, whose crops have been burned dead, and who need money, are being recruited and dispatched today in great numbers to Coeur de Lene valley where forest fires out of control are being fanned into a holocaust by the high winds. The fires have broken over the control lines established a week ago.

DEATH TOLL 29 IN CHICAGO RIOT

RACE WAR SPREADS FROM SOUTH SIDE TO DOWNTOWN DISTRICT

GROWING WORSE HOURLY

Governor Sends Militiamen to Patrol Streets; Fresh Out Breaks Early Today.

Chicago, July 29.—Twenty-nine are reported dead by police stations, hospitals, and coroners today. Others are dying among the estimated five hundred wounded in the race riots that began Sunday among the negroes and whites on the South Side, and which spread to the heart of the business district early today. Nine new deaths and fifty injured added to the toll of the disturbance, as a result of fresh outbreaks today, with the situation admittedly growing worse hourly.

Governor Louden hurried to the city and offered to the mayor and chief-of-police, the services of four hundred militiamen. Veteran police officers declared that the troops would have to be called out before nightfall to guard down town.

PIONEER RESIDENT PASSES AWAY AT HIS COUNTRYHOME

J. M. Wiseman, 75 Years a Resident of This County, Succumbs After Three Years Illness.

J. M. Wiseman, about 75 years old, for fifty years a resident of Nodaway County, died last night at 9 o'clock at his home, northwest of Maryville. He had been in poor health for three years and for the last year had been bedfast. The cause of death was due to hardening of the arteries. He is survived by his wife and five chilren, W. H. Wiseman and Miss Anna Wiseman at home, Miss Charity Wiseman and Mrs. Ella Morton of Maryville, and Mrs. Mattie Morton of Arrsburg. Two brothers, Tom and Isaac Wiseman, living in Indiana, and a sister, Mrs. Wes Johnson of Quitman, also survive. Funeral services will be held at 3 o'clock tomorrow afternoon at Wesley Chapel conducted by the Rev. Jenkins of Quitman.

BAPTISTS DISPORT AT PARK

The Men's Bible Class of the First Baptist Church Held a Picnic and Ball Game Last Night.

The Men's Bible Class of the First Baptist Church held a picnic at the Colleg Park at 8 o'clock last night. The feautre of the evening's frolic was a burleque of the national pastime. No official score was kept because of the score keeper neglected to provide himself with an adding machine. For that reason the winner of the contest could not be determined. About twenty-five members of the class, including the pastor attended the social event. A business meeting was held at the close of the event.

DR. MARTIN SELLS FARM

Sold at an Advance of $55 per Acre, It Is Said.

The fine farm of Dr. C. V. Martin of this city was sold yesterday to William Horner of Hiawatha, Kan., the consideration being $61,200 for 240 acres contained in this tract. The farm was purchased by Dr. Martin from L. E. Gault about a year ago and it is understood the farm sold for about $55 an acre increase over what Dr. Martin paid for it. Mr. Horner gets possession of it about March 1 and expects to move here then. This farm is located five miles west of Maryville. The deal was made by Wallace Bros Land Company.

VITALIZED AG. IS THE HAPPY MEDIUM

BETWEEN IMPRACTICAL THEORIES AND USELESS LABOR IN EDUCATIONAL WORK

TO KNOW HOW AND DO IT

Is the Essence of Dr. Holden's Teaching—Program for Each Day Systematized—Everyone Is Busy and Interested.

Under the able direction of Dr. P. G. Holden and his corps of able assistants the short course in vitalized agriculture at the State Teachers College is progressing according to schedule. One hundred and thirty students are already enrolled and more are to register at noon. A limit of 125 students was originally decided upon but because of insistent calls from many others to take the course, a few more were permitted to take the work.

It is an inspiration to attend the classes and study the outlined course under the direction of Dr. Holden. Dr. Holden is a little man but he does big things. His theory is that there are two ignorant classes of people who need a vision. These two classes are made up of those who are visionary, theoretical, impractical, and helpless slaves to books, and who know a lot but "can't do nothin'" and those who have no vision and are narrow, limited, have no outlook, are slaves to their tools, and work a lot but "don't know nothin'." The educated man is one who can hold the vision and use the tool. That is the essence of the vitalized agriculture work in rural schools.

Dr. Holden is not a man that talks a lot and does nothing. Anytime that you drop into the class rooms where he and his assistants are teaching you find that everyone has something to do and is doing it according to schedule and when that particular work is done another thing is at hand to be done. The work is highly organized and systematized so that there is no waste of time or energy by either students or instructors.

There are three groups of students taking vitalized agriculture. These groups of students include those who have been selected by county superintendents as special teachers of that work in their respective county schools next year and will be required to attend biweekly conferences throughout the school year concerning the vitalized agriculture work and plans; those who have not been particularly selected by their county superintendents to take the work but will start to teach the first year's course in vitalized agriculture in their school next year; and those who are interested visitors at the classes. There are 104 students taking the work who will teach the course in its first, second, or third year of the outlined plan this coming school year.

One can gain an idea of the practical nature of Dr. Holden's teaching by visiting the classes. There one can see them actually making the articles. Scores of students this morning were making such things as hog troughs, fly traps, door stops, and various other articles that are much used on the farm. This is the kind of work that is taken up in the first two year's study of Holden's agricultural instruction.

In the third year's work such things as the methods of testing milk and of preparing noon day lunches as well as many other things of similar practical nature are taken up.

LOCAL MEN TO ATTEND ATLANTIC, IA., MEET

Geo. A. Pickens and C. F. Remus to Be Present at Discussion on Maryville-Carrollton Auto Trail.

Secretary George A. Pickens of the Commercial Club and C. F. Remus, will leave early tomorrow morning for Atlantic City, Iowa, where they will attend a meeting which has been called for the purpose of discussing the proposed Maryville-Carrollton highway trail.

In addition to the Maryville men, representatives from every town in Missouri and Iowa along the proposed trail will be in attendance.

The purpose of the meeting is to devise ways and means of marking the trail and other conveniences for the tourists who will use the highway.

BEGIN OFFENSIVE ON BIG OIL INTEREST IN SENATE

Senator Poindexter Calls for Investigation of Situation by Federal Trade Commission.

Washington, July 29.—An offensive against the Standard Oil and other large oil interests was under way in the senate today. Senator Poindexter, who planned to call up his resolution ordering the federal trade commission to conduct an investigation of the oil situation, particularly on the Pacific coast, was hopeful that it would be passed.

15,000 CHICAGO RAIL WORKERS OUT ON STRIKE

Employees of Surface and Elevated Lines Quit at 4 a. m. Today; Governor Confident of Adjustment.

Chicago, July 29.—Fifteen thousand Chicago surface and elevated employees are on a strike today and the city's electrical transportation has been tied up since four o'clock this morning.

Not a wheel has turned and all the elevated and surface cars are locked up in the barns. The strike came as a lightning bolt. Reports late yesterday indicated that negotiations have been in progress several weeks which would avert a strike. So confident was Governor Louden that he returned home after spending the day in adjusting differences.

COUNTY SUP'TS WILL CONFER WITH PRESIDENT RICHARDSON

At 4 o'Clock Today—Meeting a Get Together Affair to Promote Better Understanding.

The county superintendents of the Fifth District will meet in conference with President Richardson of the State Teachers College at 4 o'clock this afternoon.

The meeting is for the purpose of discussing matters relative to the educational work of the Fifth District and the adoption of co-operative policies by the county superintendents and President Richardson. It will be a get together affair and has as its purpose the forwarding of a better understanding between the state school and the county schools.

Announce Birth of Daughter.

Mr. and Mrs. Marve Curnutt are rejoicing over the arrival of a baby girl this morning at St. Francis hospital. Mrs. Curnutt was formerly Miss Helen Wray, and is a daughter of Mr. and Mrs. Curtis Wray of Oak Park, Ill., former residents of Maryville.

Sells Suburban Home.

Peter Behm sold to Silas L. Mozingo his fourteen acre tract adjoining the city on the northeast, consideration $7,500.

This is a well improved tract and Mr. Mozingo bought it for a home, having recently sold his farm, he will get possession and move to it January 1. The sale was made by Nash and Woodard.

Buys Threshing Machine.

Dr. K. R. Malotte of Maryville purchased yesterday the threshing machine and separator of Charles Shipps of Arkoe. The machine is at present threshing on the farm of E. E. Williams, southeast of Maryville. Mr. Williams expects his wheat to average around 25 bushels to the acre.

Mrs. I. B. Williams and daughter, Frances Margaret, went to St. Joseph this morning for a few days visit with her parents, Mr. and Mrs. Wm. N. Gilson.

WILSON SUBMITS PACT TO SENATE

HANDS OVER FULL TEXT OF THE FRANCO-AMERICAN-BRITISH ALLIANCE

CITES DEBT TO FRANCE

Accompanying Message Calls Attention to Assistance of France During Revolution.

Washington, July 29.—President Wilson today submitted to the senate the text of the Franco-American-British treaty. In an accompanying message, urging an early passage, it was stated that America's debt to France had not been fully repaid. Referring to the assistance rendered America by France during the Revolution, the president declared that nothing can repay such a debt.

Washington, July 29.—President Wilson will submit the text of the French American treaty to the senate today, it was announced at the white house. The pact under which the United States together with Great Britain agrees to go to the assistance of France in the event of an unprovoked attack upon her by Germany will not be submitted in person, but will be sent by messenger.

INTERNATIONAL DISPUTE PENDS ON MANDATE SYSTEM

Colonial Administration Incorporated in League of Nations Threatened.

Paris, July 29.—The first international dispute resulting from the mandatory system of the colonial administration incoporated in the covenant of the league of nations is threatened as the result of a report about to be released by the American Commission, appointed to determine the mandatory system in the Levant. The report has not yet been published but the semi-official newspaper Temps, asserts that it will be recommended that the French claim to the mandate in Syria shall not be allowed.

HOT WEATHER MAY CAUSE WILSON TO POSTPONE TRIP

Admiral Grayson, Personal Physician to President, Advises Delay Until Aug. 15.

Washington, July 29.—Unless the present hot wave subsides it is possible that President Wilson will delay his start on the speaking tour until August 15. Admiral Grayson, the personal physician of the president, strongly urged him to delay the trip until the weather became more favorable.

COLUMBIA TREATY REPORTED TO SENATE

Washington, July 29.—The Columbia treaty was reported to the senate this afternoon by the foreign relations committee.

Mrs. Henry Westfall and son, Marvin, left this morning for Kansas City to spend two days.

"Selling a County to Itself" Idea Described in the Kansas City Post

The attention which the work of the Maryville Commercial Club soon to be known as the Maryville Chamber of Commerce is attracting throughout Missouri and the entire country is illustrated by an article appearing in yesterday's Kansas City Post, describing the idea of "selling a county to itself" and the recent "sociability run."

Following are extracts from the article:

Maryville, Mo., July 26.—With their faces and clothes caked with $400-an-acre dust from Nodaway county farms, 100 progressive members of the Maryville Commercial Club, traveling in a caravan of 30 motor cars, yesterday completed a two-day tour of the county a run that goes down in the record books as the first in the United States for the purpose of "advertising the county to itself." "Sociability runs" are frequent events with the Commercial Club, but the one just finished was more than a friendship call on the neighboring towns.

A 1,500-gal tank of ice cold lemonade carrying banners that marked it as "Nodaway County's Water Wagon,"led the tourists. On the first day's run, the western part of the county was covered and on the next the eastern half. Wilcox, Elmo Clearmont, Burlington Junction, Quitman, Maitland, Skidmore and Graham were called upon the first day.

The rest of the tour took in Pickering, Hopkins, Parnell, Clyde, Conception Junction, Ravenwood, Guilford, Barnard and Arkoe. Crowds were not large, but enthusiasm made up for the lack of attendance. It was not expected that the tourists would be greeted in every town by crowded streets, for the farmers and all available hands are busy in the fields. As the cars speeded by a thresher crew or hay stackers, there was an exchange of greetings between the tourists and the farmers. Sometimes the lemonade wagon stopped and tin cups passed to the thirsty workers from the fields.

"Howdy, Bob. Hello there, George, come on up here, boys, and have a good drink," was the exchange of greetings that generally broke the ice for conversation between the visitors and the townspeople. Those who did not care to talk listened to the music from the fifteen piece band from Maryville.

One feature that made the trip so successful was the wonderful condition of the hard dirt roads throughout the country. Tractors drawn scrapers and horse drawn drags were met frequently at their work along the highways.

Several of the Nodaway towns are in the midst of a "boom." Burlington Junction, a cattle shipping point, will soon vote on a bond issue for paved streets. The First National bank, C. E. Hann, president, is erecting a new home to cost $50,000. A new hotel and several other buildings are also contemplated. Burlington was burned out twenty-five years ago.

It has risen from the ruins with a vengeance. C. B. Zarn, general merchant, is a large property holder of this town. Parnell, Ravenwood, Conception Junction and Guilford are all good shipping and trading points. Hopkins, Pickering, Maryville, Arkoe, Barnard and Bolckow are served by the Burlington, while another branch of the same road takes in Clearmont, Burlington Junction, Quitman, Skidmore and Maitland. These towns, which are within a radius of 100 miles of the big markets of Kansas City, St. Joseph and Omaha, ship every year many carloads of stock and produce.

Every town on the circuit had her roads, both main and inleading highways, in the top-notch of condition. Farmers of this section have been converted to hard-topped roadbeds. Hopkins has purchased an oil sprinkler for use on its city streets. Nearly every town has electric lights supplied from the Maryville plant.

Nodaway County is past the pioneering period. What it will do in the future is the big problem for study at present. Although it ranks among the richest counties in the country, its resources have only been scratched. Pure bred live stock, while it has already brought fame to the community, offers a field of boundless opportunity.

Natural facilities in the way of pastures, silage crops and climatic conditions opens to dairy farmers a field of wonderful opportunity. Pure bread hogs are a source of income to many raisers. Maryville is the home of the Standard Poland-China association. More activity in the production of pure bred horses is notived among the Nodaway breeders.

Nodaway county boasts of a bank deposit amounting to $10,000,000. Educational institutions are amply provided.

These are some of the reasons why Nodway county is proud.

But it is not what it has already accomplished that holds the attention of the people of this wonderful county, it is what may be the development in the future.

Apples from Nodaway county decorate the fruit dish at the royal palace in Buckingham. E. Ward King, a native, invented and made use of the first road drag, the finest cattle in the world graze on the Nodaway hills, its resources and productions have won it the title of being the richest county in the country, and now comes the Maryville Commercial Club with an advertising campaign that received country wide recognition for being the first of the sort in the United States.

Even with all this source of pride, Nodaway has not yet swelled up with conceit and burst through its boundaries. To make the inhabitants realize just a bit more of the "horn of plenty" in the midst of which they are living, and to make them less modest in their assertions of superiority, is what the Commercial Club hopes will result from their campaign.

The Maryville Commercial Club, with its 250 members and its able secretary, George A. Pickens, has just begun its course of regeneration. They will not stop until Nodaway knows itself as well as the world outside knows the famous county.

GARDNER BUYS A FARM

Gets 440 Acres Costing $66,000—In Agricultural Game, but Won't Operate the Farm Himself.

Jefferson City, July 29.—Governor Gardner returned Sunday night from a "swing around the circle" in north and northeast Missouri by automobile.

"I met a hundred thousand people," the governor said today, "and believe I shook hands with nearly that number. Republicans and Democrats alike wherever I went are for the league of nations.

"There is no mistaking the sentiment of the people on that proposition. They are practically unanimous for it." The governor was greatly pleased with his trip and the reception that was accorded him everywhere.

He had nothing to add to the interview that was sent out from Columbia last night in which he said he would not be a candidate for the United States Senate next year. In that interview the governor said he would not be afraid to make the race.

"I have as many friends in St. Louis as Senator Spencer," he said, "and I could beat him to not more than 10,000 majority in the city of St. Louis. If I were to make the race I could be elected."

The first thing the governor did today, after reaching his office, was to send a check for $25,000 to bind his bargain for his purchase of a farm of 400 acres in Audrain County, for which he is to pay $66,000. "I never saw the farm and bought it on the judgment of Omar D. Gray," he said. "I have been so impressed with the possibilities in Missouri agriculture that I have determined to take a hand in the game. I don't expect to run the farm myself, but will have it operated."

Sixty-five per cent of the Cuban women can wear only dresses of the "stout" class.

There are only sixty-four occupations open to women in Japan.

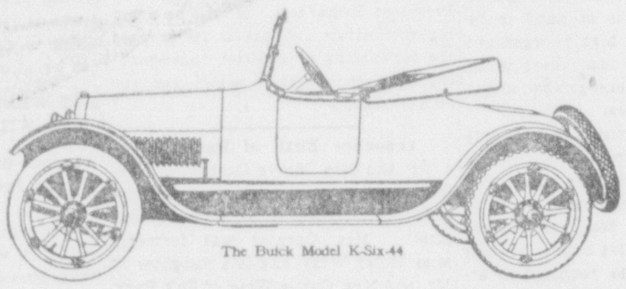
1920 Series Model "K"-44



Buick Three-Passenger Roadster

THE BUICK Model K-Six-44 possesses marked advantages for the man or woman who wishes a car of limited passenger capacity, with an exceptionally roomy and comfortable driving compartment. This three-passenger model makes the most of these desirable features, without sacrificing one whit of the modish appearance that belongs to the type.

The body is distinctly a Buick creation, broadening out to accommodate a wide, deep seat for three, then curving in at the back to form a trim rear deck with a weatherproof carrying space for luggage.

The dimensions of the driving compartment insure easy entrance or exit from either side, with the control and brake levers well forward but within easy reach. The French pleated upholstery is built for long wear and comfort.

Inclined windshield, handsome improved top of high grade material, side curtains that swing open with the doors.

FAIR

Aug. 11-12-13-14-15-16

The largest number of shows and concessions have been arranged for this year of any in the history of the Maryville Fair. In addition to these shows the management has secured a large number of high class entertainment features for free exhibition both day and evening every day of the fair.

THE FLYING WARDS

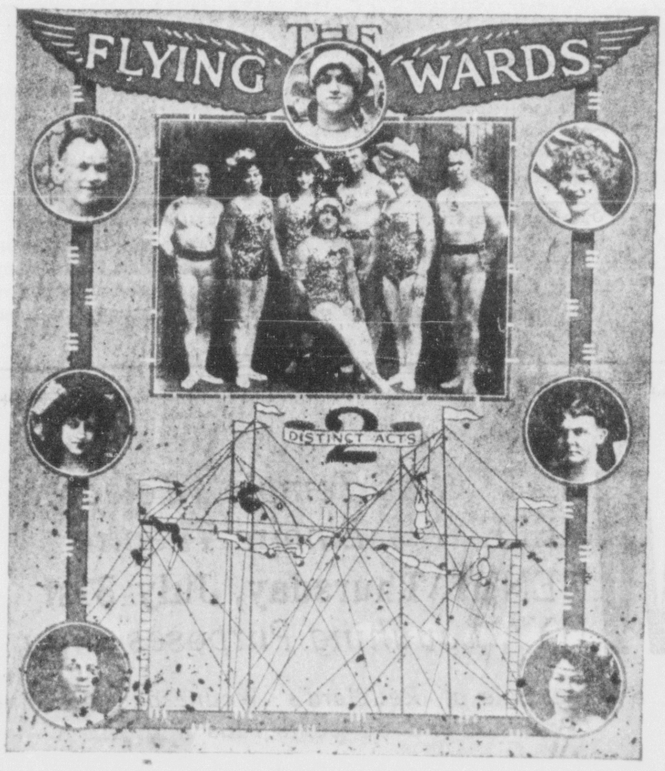
A high class flying trapeze act with seven men and women acrobats. Formerly one of the features of the Ringling Circus, and this is positively the first time ever shown at fairs.

LIEUTENANT MILLS

Army Aviator in daring feats of flying

MARGARET MILL'S SOCIETY CIRCUS

Ponies, Dogs, Monkeys, Mules and Comedy Riders.



Social, Clubs Churches

Kecks to Big Lake.

Mr. and Mrs. Ed Keck and daughter, Miss Elizabeth Keck, will go to Big Lake tomorrow where they have taken the Brown cottage until August 31.

Mutz Dinner.

Mr. and Mrs. J. D. Mutz gave a family dinner Sunday noon at their country home, southwest of Maryville. The guests were Mr. and Mrs. Walter Mutz, Mr. and Mrs. Guy Mutz and son, Walter; Mr. and Mrs. Harry Mutz and daughter, Virginia; Mr. and Mrs. Floyd Ambrose and baby daughter, Frances, Misses Jessie and Lou Mutz, John Mutz, Fred Lewis, and Beulah and Delberta, daughters of the host and hostess.

Miss Baker to Brookline.

Miss Carrie Margaret Baker, who left Maryville July 12 for a visit of a few weeks to Mrs. A. W. Evans, a Northwestern University friend, at Ebensburg, Pa., will leave August 8 for Brookline, Mass., to be the guest of Mr. and Mrs. Frances Oakes and Miss Bettie Prather.

Mr. and rs. Oakes have been domiciled only a few months on their beautiful estate, "Southwood," near Brookline, which they purchased a year ago. The house, a brick mansion of the Old English type, has been thoroughly remodeled, and the grounds comprise approximately twenty-two acres of unusually varied land.

Miss Baker expects to be gone until the latter part of August.

For Mrs. Covey.

Miss Lucie Davis was the hostess at a bridge luncheon this afternoon at her home, entertaining in compliment to Mrs. Noble C. Covey of Pueblo, Colo. Bridge was played from three tables, and, for luncheon, the tables had as centerpieces vases of garden flowers. The guests included the members of the Fortnightly Bridge Club and a few friends, who were Miss Alice Worst, Mrs. G. H. Colbert, Mrs. S. G. Gillam, Mrs. T. L. Wadley, Mrs. J. P. Colby, Mrs. E. F. Wolfert, Mrs. George Baker, Mrs. J. D. Richey, Mrs. M. G. Tate, Mrs. John Herren, Mrs. Lewis DeHart of Detroit, Mich., and Miss Stella Smith.

Celebrate Wedding Anniversary.

Mr. and Mrs. S. C. Johnson celebrated their twenty-ninth wedding anniversary with a basket dinner Sunday at their home in Pickering. The guests included fifty-five friends and neighbors who were Wes Smith, Mrs. Wm. Lock and children, Earl, Chloe and Glen; Mr. and Mrs. Eph Johnson, Mr. and Mrs. Asa Griffey of Clearmont, Miss Mary Burnett of Braddyville, Mr. and Mrs. Sim Lasley of Bedford, Ia., Mr. and Mrs. Roland Lasley and children, Roy and Raymond, Mr. and Mrs. Levi Daniels and children, Francis and Chloe, Mrs. Lizzie McGuire, Mr. and Mrs. McGuire and children, Edith Frank, Lloyd and Hazel, Misses Nevie McGuire, Cleola Shopbell and Blanche Turpen, Mr. and Mrs. Jud King and family, Master Lavelle Greenlee and the children of the host and hostess, Emery, Beulah, Levi, Eva, Daniel and Ivan.

Merry Mingler Club.

An interesting meeting of the Merry Mingling Club was held last Thursday afternoon at the home of Mrs. J. B. Saunders, east of Maryville. The time was spent in tatting and socially, after which delicious refreshments were served by the hostess and Miss Floy Saunders, who was a guest at the Saunders home. Those present were Misses Merle Cooper, Lora May Cressan, Floy Saunders, Mrs. A. R. Steins, Mrs. Wm. Trullinger, Mrs. Lewis Wilson, Mrs. Fred Wallace and children, Mrs. H. J. Lind, Mrs. Fisher Mercer and son, Mrs. H. Smock, Misses Edith Marsh, Nettie Smock, Clara Steins, Tease Jaeger, and the hostess and her little daughter, Emma Sean. The club will hold its next meeting Aug. 7, with Mrs. Henry Smock and daughter, Nettie.

Mrs. Shelton Weds.

An out-of-town wedding which was especially interesting to Maryville friends and relatives was that of Mrs. Lily Dean Shelton and Tom Gill, former residents of this county, which took place recently at Sheridan, Wyo. Mrs. Gill who has a daughter, Mrs. Armonde Gill living in Sheridan, has been making her home in that place for some time.

Picnic Dinner.

Nine young people motored to the Smith farm, northeast of Maryville Sunday, where they enjoyed a picnic dinner in the woods nearby. The party included Elena Holt, Dora Lockhart, Gladys Thompson, Tom Adams, Rolla Adams, Hiland Thompson, Joe Holt, Dale Ashford and Orland Ashford. They were joined for dinner by Miss Deada Smith, Carl, Ward, Lawrence and Gilbert Smith.

LARGE-SIZE SOLDIER STONES FOR THOSE KILLED IN WAR.

Springfield, Ill., July 29.—Stone soldier monuments, life-size, are the latest thing in tombstones. Two have arrived in Springfield. They are carved from solid rock by an Indiana concern. The figure displays a soldier in uniform, hat, coat, puttees and everything. A gun is carried. It adds a realistic touch to the figure. Not a single flaw can be found in the make-up. The designers even went so far as to give the coat the usual wrinkles. A face likeness may be had if desired. Each monument costs about $500.

FREAK EAR OF CORN.

Macon, Ga., July 29.—S. L. Fleetwood of South Macon, is exhibiting an ear of corn with grains in the shape of beans, butterbeans and okra. The corn was raised in a garden with such vegetables.

EIGHT MISSOURI COUNTIES WILL VOTE ON ROAD BONDS

New Enthusiasm for Hard Surfaced Highways Evident Throughout State With Completion of Busy Harvest Season.

Jefferson City, July 27.—With the closing of harvest the movement for better roads in Missouri has taken on new life. In eight counties next month heavy bond issues will be voted upon and in twenty-three counties special road districts and townships bond issues are now being arranged for by the local authorities. There was never anything like the present road boom in Missouri. It is the first time, in fact, that any considerable number of counties have expressed a willingness to vote money to add to what the state and the government will give for the construction of good roads.

Now that the harvest work is about over, enthusiasm for the issue of bonds for the building of hard surfaced roads under the provisions of the McCullough-Morgan amendments to the Hawes Road Law is growing rapidly.

Texas County will vote July 29 on an issue of $225,000, but August will be the big bond election month. Besides a number of elections in townships and special road districts, there will be eight county wide bond issues next month.

August 2, Monroe County will hold an election to vote 1 million dollars for hard surfaced roads. August 5, Butler County will vote on a ½-million dollar issue. Elections will be held in three counties August 12 as follows: Worth on a ½-million dollar issue, Shelby on 1 million dollars and Marion 1½ million dollars. A hot bond campaign has been carried on in Marion County this week. John M. Malang, state highway superintendent, and Governor Gardner spoke at the Centennial Celebration and Home Coming Week at Palmyra Friday in the interest of the issue.

Livingston County has been making a strenuous effort to put over a bond issue of 1 1-4 million dollars and the election will be held August 18. August 19, Linn County will hold a 1-million dollar election.

In July Howell County voted 1½ million dollars for use in building durable roads with state and federal aid. Stone 1 million dollars and Pettis ½ million dollars. Greene lost her 2 million dollars, but another election for the same amount will be held September 15, and Jasper will vote in three townships September 19 on a total issue of $700,000.

Besides the county wide bond elections in July and earlier a great many township and special district road elections were held. In Harrison five townships voted a total of $418,000, Boonville township in Cooper County $60,000, five townships in Gentry $363,000, two townships in Saline $753,000, Doniphan Special Road District in Ripley $46,500, two townships in Dunklin $130,000, one township in Madison $11,000, one township in Wayne $36,000, township in Iron $35,000, three townships in Washington $82,000, Dent $160,000, three townships in Lawrence $66,000, three townships in Dade $57,500, four townships in Cedar $85,000, one township in Christion 60,000 and one township in Polk $20,000.

Previous to the enactment of the new road law Buchanan had voted 2 million dollars and St. Louis County 3 million dollars. After much delay these sums are now available. Scott had vetoed $750,000, New Madrid $850,000 and Mississippi $375,000.

Twenty-three counties and numerous townships are circulating petitions for the calling of bond elections. Atchison, olt, DeKalb, Clinton, Caldwell, Daviess by special districts, Sullivan, St. Francois and Franklin are trying for 1 millions dollars each. Ray is seeking to vote $1,250,000, Carroll $1,100,000, Mercer $600,000, and Scotland $600,000, Putnam, Polk and Adair $750,000, Audrain $700,000, Schuyler ½ million dollars, Knox, Phelps and Warren $400,000, Oregon and Morgan $300,000.

COURT GIVES THIEF STOUT.

London, July 28.—John O'Brien, of Dublin, enjoyed a drink of stout in the dock at Mullinger Police Court recently.

He had been remanded on a charge of picking a man's pocket and requested the magistrate to direct the police to fetch him a pint of stout. He said he would pay for the stout with the money found on him, which he declared was his own.

The magistrate acceded to the request, and a policeman was dispatched for the liquor.

PRINCE JOACHIM GAMBLES.

Genvea, July 29.—The Tribune states that Prince Joachim of Pruissia, one of the ex-Kaiser's sons, has just bought for nearly $10,000 the beautiful old villa named Favorita, as Castagnola, near Lugano.

The newspaper adds that the greater portion of the money came out of the heavy winnings of the prince from the gambling hell of Campione, near Lugano. The prince had little money when he arrived at Berne from Berlin.

"WILD BILL" KRESS DIES.

Hastings, Neb., July 29.—"Wild Bill" Kress, seventy-eight, a pioneer plainsman, trapper, hunter, Indian fighter and freighter, died at his home here. Kress and Joe Fouts, now dead, were the first settlers in Adams County.

Kress alternated his buffalo hunting over the plains with freighting northwest from St. Joseph, Mo. He came to Nebraska in 1866 and entered a homestead in Adams County in 1870, which he owned at the time of his death. He is said to have planted the first sod corn in this section of the State.

Plain and Fancy Gaberdines

for wash skirts in many novelty designs ranging in price from 45c to $1.40 per yard. If you buy a skirt here you will get materials that you will not see elsewhere and this should be an incentive for you to make your purchases here.

If you prefer plain materials we are showing fine quality needle gaberdines at 85c, 95c, up to $1.25 per yard—also fine quality basket weaves at $1.25 per yd.

READY MADE WASH SKIRTS

Wash skirts of quality are in big demand. A wash skirt now must be made from good material, and just as well tailored as silk or wool skirts. The Never-shrink line that we sell is made just this way and includes high grade skirts at popular prices.

Our $1.50 gaberdine wash skirts are now $1.25

Summer Underwear

Sleeveless vests 15c, 25c and 35c.

Bodice style vests 50c and 60c.

Union suits 50c, 75c 85c up to $1.25 a suit in all wanted styles such as Band top — Bodice top with tight knee and shell knee. Fine lisle thread garments made from combed yarns that will be satisfactory after washing.

Hosiery

Ladies white silk hose, lisle tops, an exceptional value at $1.25 per pair.

Ladies pure thread black silk hose, wide lisle tops $1.50 per pair.

New Styles in Children's socks at 25c, 30c and 50c a pair.

D. R. Eversole & Son

An Actual Test on Nodaway Roads

ON WEDNESDAY AND THURSDAY OF LAST WEEK THE SANDOW TRUCK COVERED OVER 150 MILES OF ROADS IN NODAWAY COUNTY LOADED WITH A LARGE TANK OF LEMONADE.

The run was made in connection with the "Sociability Tour" of the Maryville Chamber of Commerce, the lemonade being used to quench the thirst of the people in the various towns visited. The run was to every town in the county over the regular highways between them and covered every possible kind of road in the county.

The load was a particularly hard one to handle as the tank was round and had a tendency to roll, and the lemonade all run to the back of the truck on the hills, which made the pull extra hard.

Traveled steadily for the two days, up and down hill, at an average speed of 20 miles an hour, leading a string of twenty automobiles and setting a pace satisfactory to all of them.

This is the first test of any truck over ALL the principal roads in Nodaway County, and it is sufficient proof of the ability of the SANDOW to travel anywhere that horses could go and to carry three or four times the load that could be hauled by a team and wagon. It also demonstrates the power and steady running qualities of the Continental motor used in the Sandow Truck. In fact it dispels without further discussion any question of the ability of the Sandow to do the work required by farmers in hauling grain and live stock to any market.

The only thing left to consider—if you are considering truck hauling—is the advisability of getting as good a truck as the Sandow. It is our opinion that it would be more economical to get a Sandow than to buy a cheap truck. No man would hesitate to pay two or three times as much for a good draft horse as he would for a cow pony, and it is just as reasonable to pay more for a big, strong truck for hauling farm produce than you would pay for a light delivery truck.

USE A LEAD PENCIL

Figure the amount of hauling you have, and the size of the biggest load you want to haul—not the smallest load—and then figure the saving all along in using a truck of sufficient size and strength to handle it and the average life of thetruck, and we are sure you will conclude that the Sandow would be the cheapest in the end.

COME AND SEE US ABOUT THE SANDOW.

PROHIBITION BRINGS AN END TO TIPS, SAY WAITERS.

Cleveland, Ohio, July 29.—Prohibition may be hard on those who needed a cocktail to stimulate their appetite and a quart of champagne as a chaser, but it has become a regular nightmare for the chaps who used to serve the drinks. For, say the waiters, without the cup that cheers there are no tips—at least none worth mentioning. As a result Cleveland waiters are demanding an increase in wages from $12 to $15 a week, together with an eight-hour day.

Returned From Motor Trip.

Mr. and Mrs. Eugene Rathbun and Mrs. Rathbun's mother and sister, Mrs. Rose Kelley and Miss Leona Kelley, returned last night from a three weeks' trip to the Ozarks and in Bates County Mo., where Mr. Rathbun has a farm. Mr. Rathbun had 120 acres in wheat and it averaged 20 bushel sto the acre. The trip was made in the Rathbun car.

Legislative measures for the protection of women in industry scheduled for introduction during the present session of congress include: Abolition of child labor; eight-hour day and forty-four-hour week, with a weekly day of rest; abolition of night work for women and minors; equal pay for equal work, and the establishment of minimum wage commissions in all the states.

MARRYING PARSON'S TIES MAY PROVE NOT LEGAL

Charleston, W. Va., July 29.—Several hundred couples who were married by H. J. Hill, the "marrying parson," are wondering today just what their status is, for it is charged that Hill has been performing ceremonies without a legal right. Hill has carried on his trade for years and his personal solicitations finally made him obnoxious. An injunction was secured several months ago to break up his practice. Despite the injunction he continued the marriage business. It is now said that couples joined by him during the period of the injunction were not legally wed.

MUST WED TO BE HEIR

Homin, Okla., July 29.—F. B. Hamilton, thirty-five, a confirmed bachelor and woman hater, is facing a dilemma, the most serious in all his life. He has to get married—if he expects to inherit the estate of his uncle, D. E. Hamilton, of Polk County, Tenn. An ultimatum to this effect was contained in legal papers delivered to him here.

SEPTEMBER MORN CAUGHT.

Atlanta, Ga., July 29.—Depicting an animated September Morn Miss Pearl Sander, comely and sixteen, plunged and splashed in the sparkling waters of Maddox Park pool swathed only in the beautiful moonlight. Residents attracted to the scene by the loud applause called a policeman, who took the fair bather to the police station, but not until after she had again assumed her apparel.

It costs South Sea Islands women little for dress, because they dress little.

Depend on our Want Ad. Column.

KANSAS CITY MARKETS.

Kansas City Stock Yards, July 29.—Good to choice fed, caked and wintered steers sold readily at steady prices, but other grades were in slow demand and 25 cents lower. The advance in hogs was halted, temporarily at least, though no big set-back occurred in prices. Values here are much higher than elsewhere. Packers' droves Saturday cost $22.80, compared with $22.06 in Chicago and $21.70 in Omaha.

Cattle receipts today were 21,000 or 3,000 larger than a week ago, and the largest supply on any Monday this year. The big Kansas, Oklahoma, and Texas grass movement is getting under way, but remains short of a year ago. Hog receipts 8,000, were the same as a week ago, though 1,000 less than a year ago. Sheep arrivals were 7,000, about 2,000 more than a week ago, and 1,000 less than a year ago.

Beef Cattle. Good to choice cattle, whether grass, grain or withered grades, were in fairly active demand at steady prices. Killers sorted over the supply early with some show of activity and later bought sparingly of the common kinds. The two angles of the market are scant supply of hard fat steers and an increasing movement of grassers. Prices for the latter are sagging. Top steers brought $18, and range of sales was $9 to $18. Cows sold at $5.50 to $12.50 and heifers $6.50 to $15.50. Calves were quoted at $8 to $14.50. Calf receipts remain heavy and July receipts will be the largest on record for the seventh month in the year.

Stockers and Feeders. Demand for stock and feeding cattle is enlarging. The movement is on the increase. The recent advance in fat cattle has encouraged larger demand for heavy feeders at prices ranging from $12.50 to $16.50. The bulk of the feeders are bringing $10.50 to $12.50. Stockers are selling at $8 to $12.50. Small demand has developed for stock calves, and prices are relatively low, at $8 to $12.50. Stock cows and heifers are quoted at $6.50 to $10.

Hogs. Hog prices today held steady with last Friday, the first Monday in several weeks past that the market failed to show a substantial advance. Receipts were not large, and the halt in the advance is attributed to the fact that high prices have curtailed demand. The quality of the offerings is not as good as a month ago. The top price today was $23.05 and the bulk of the offerings sold at $22.50 to $22.95 or 25 to 35 cents higher than a week ago.

Sheep and Lambs. With fairly liberal receipts of sheep today, prices were quoted weak to 25 cents lower. Lambs sold at $15 to $16.50, ewes $6.50 to $9, and wethers $8 to $9.50. Trade in feeding and breeding grades was quiet. About the only Western offerings received thus far have been consignments from other markets.

Horss and Mules. Trade in horses and mules was quiet with no quotable change in prices. Receipts remained small. There is a fairly good inquiry for rugged work animals. Mules are scarce, and selling readily.

CHARLES M. PIPKIN,
Market Correspondent.

Mr. and Mrs. Frank Andrews and little son, Harley Ross, of Hopkins, were in Maryville today.

Icicles

are rare things this time of year, but it is mighty easy to find quality meats if you go to the right shop.

Remember—

WE KEEP THE QUALITY UP

STAPLER'S

210 North Main

"Meats in Storage"

Every working day of the year 75,000,000 pounds of meat are required to supply home and export needs—and only 10 per cent of this is exported.

These facts must be kept in mind when considering the U. S. Bureau of Markets report that on June 1, 1919, there were 1,348,000,000 pounds of meats in cold storage. If the meat in storage was placed on the market it would only be 20 days' supply.

This meat is not artificially withheld from trade channels to maintain or advance prices.

Meats in storage consist of—

65 per cent (approximate) hams, bacon, etc., in process of curing. It takes 30 to 90 days in pickle or salt to complete the process.

10 per cent is frozen pork that is to be cured later in the year.

6 per cent is lard. This is only four-fifths of a pound per capita, and much of it will have to go to supply European needs.

19 per cent is frozen beef and lamb, part of which is owned by the Government and was intended chiefly for over-seas shipment. If this were all diverted to domestic trade channels, it would be only 1½ lbs. per capita—a 3 days' supply.

100%

From this it will be seen that "meats in storage" represent merely unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

Closing Out Sale at Auction

Saturday, Aug. 2
at 2 o'Clock p. m.

At My Old Stand the "Klondike" on North Main,

I shall sell to the highest bidder a lot of stuff, some new, some old, some good, some not so good, a lot of odds and ends, and it all goes, and "you all" are perfectly familiar with my mode of conducting AUCTION SALES, and among other things we shall sell the two white horses, set of new harness, the pump wagon, set of old harness, 13 inch plow, harrow, 5 tooth cultivator, single shovel, double shovel, drag scraper, new wheel scraper, two oil tanks, metal truck wagon with box, corn sheller, wheel barrow, cider mill, cross cut saw, lot of steel roofing, lawn mower, new steel stock tanks, scoop shovels, washing maghine, steel road drag, the best in the county; lot of household goods consisting bedsteads, springs, mattresses, dining room table (a good one), dressers, chairs, rocking chairs, and many other things not necessary to mention. Be here and get something worth the money.

COL. J. S. BRANIGER,
Auctioneer
